

Information Sheet Suite

Skypesoft™ Information Sheet

September 14, 2025 – Created by Skypesoft™

☐☐ Purpose

Produce internal knowledge documents that summarize Codex modules, standards, and rules. These sheets guide developers and AI in aligning with the Skypesoft Constitution and explaining it to users.

☐☐ UseCases

- Developer references for module specifications
- AI explanations of Codex content to users
- Validation of workflows against constitutional standards

Types

Icon:

CodexDocuments:

Purpose:

Icon:

Text: Summarize the integrated legacy markdown documents that form part of the Constitution.

RequiredFields:

Mandatory:

Icon: •

Items:

– topic
