

Information Sheet Suite

Skyesoft™ Information Sheet

September 16, 2025, 5:24 AM MST – Created by Skyesoft™

? Purpose

Produce internal knowledge documents that summarize Codex modules, standards, and rules. These sheets guide developers and AI in aligning with the Skyesoft Constitution and explaining it to users.

? UseCases

- Developer references for module specifications
- AI explanations of Codex content to users
- Validation of workflows against constitutional standards

Information Sheet Suite

Skypesoft™ Information Sheet
